

# EPPCO MANTRANS ULTRA PLUS

## PRODUCT DESCRIPTION

**EPPCO MANTRANS ULTRA PLUS** fluids are superior quality multigrade axle fluids suitable for trucks, construction plant and other mobile equipment. They provide long life by offering a high degree of resistance to gear wear and scuffing. Non scheduled maintenance work can be reduced due to the minimising of premature gear failures and deposit formation on bearings, working surfaces and seals which can lead to leakage. It contains balanced extreme pressure chemical technology designed to minimise scuffing and scoring of gear surfaces despite high speed, high torque, and shock operation.

## APPLICATIONS

- ◆ Suitable for heavy duty service in hypoid, spiral level, spur, and double reduction rear axles
- ◆ Manual gearboxes (constant or non-synchromesh), auxiliary gearboxes and transfer boxes.
- ◆ Multi-viscosity gear oils operating conditions over wide temperature ranges
- ◆ Steering boxes and oil lubricated universal joints.

## PERFORMANCE STANDARDS

**MANTRANS ULTRA PLUS** meets and exceeds the following OEM and International specifications:

API	GL-5
US Military	MIL-L-2105D

***Always follow equipment manufacturer's recommendations for the required lubricant performance level and oil drain interval.***

## BENEFITS

**MANTRANS ULTRA PLUS provides:**

- ◆ High load carrying capacity
- ◆ Superior oxidation resistance
- ◆ Long service life
- ◆ Excellent low temperature performance
- ◆ Wide temperature of operation

Technical Data*			
SAE Grade	80W-90	85W 90	85W-140
Kinematic Viscosity			
mm <sup>2</sup> /s @ 40°C	136.6	162.10	454.7
mm <sup>2</sup> /s @100°C	14	15.84	30.91
Viscosity Index	99	100	98
Pour Point, °C	-27	- 21	-15
Flash Point	218	224	238
Product Code	322007	322019	322008

\*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

### HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
