

# EPPCO BENZYNA N35

## PRODUCT DESCRIPTION

**EPPCO BENZYNA N35** is a modern technology-based gasoline engine oil that meets the testing requirements of latest API SL performance specification. Developed to provide protection for use in modern passenger cars. It is suitable for all types of driving conditions (city/highway). Compatible for all cars running on lead free gasoline.

## APPLICATIONS

- ◆ All makes of passenger cars
- ◆ High performance normally aspirated and turbocharged gasoline engines
- ◆ Japanese and American manufactured cars
- ◆ Light commercial vehicles

## PERFORMANCE STANDARDS

**BENZYNA N35** meet the testing requirements of following International Specification:

API SL

***Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.***

## BENEFITS

**BENZYNA N35 provides:**

- ◆ Engine protection for all manufacturers
- ◆ Extended engine life
- ◆ Superior resistance to oil thickening
- ◆ Excellent protection against wear
- ◆ Low oil consumption and engine deposits
- ◆ Easy all year round starting

	Technical Data*
SAE Grade	5W-30
Kinematic Viscosity mm <sup>2</sup> /s @ 40°C	68.8
Kinematic Viscosity mm <sup>2</sup> /s @100°C	11.3
Viscosity Index	159
Flash Point, COC, °C	220
Pour Point, °C	-36
Product Code	310076

The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

### HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the EPPCO Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
