

EPPCO ADVANCED 350

PRODUCT DESCRIPTION

EPPCO ADVANCED 350 are range of monograde engine oils developed for the lubrication of heavy goods vehicles used in general transport, earthmoving, quarrying and construction equipment as well as stationary diesel engines requiring API CF quality engine oil. It is designed specifically for use in naturally aspirated and light turbocharged diesel engines. Formulated for moderate to severe service depending on the diesel fuel Sulphur level and oil change frequency.

APPLICATIONS

- Heavy goods vehicles in general transport
- Construction and heavy earthmoving equipment
- The SAE 50 grade can be used in certain gear applications.
- The SAE 10W grade can be used for certain hydraulic system where OEM requires engine oil with an appropriate grade for these applications.
- Engine oils used in mobile air compressors.
- Light trucks with diesel or gasoline engines & older model passenger cars.
- Certain transmissions requirements for earthmoving equipment

PERFORMANCE STANDARDS

ADVANCED 350 meets and exceeds the following OEM and International specifications:

API CF/SF/CF-2

Always follow equipment manufacturer's recommendations for required lubricant performance levels and oil drain intervals.

BENEFITS

ADVANCED 350 provides:

- ◆ An economical product with good all-round performance
- ◆ Suitability for use in light turbocharging
- ◆ Excellent resistance to oxidation
- ◆ Good engine cleanliness with special detergent/dispersant properties
- ◆ Good resistance to corrosion

Technical Data*				
SAE Grade	10W	30	40	50
Kinematic Viscosity				
mm ² /s @ 40°C	31.94	105.7	156	252
mm ² /s @100°C	5.48	11.98	15.48	21.48
Viscosity Index	107	100	100	100
Flash Point, COC, °C	218	242	248	264
Pour Point, °C	-18	-15	-15	-15
BN ASTM D2896	10.0	10.0	10.0	10.0
Product Code	300004	300022	300005	300011

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the EPPCO Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information, we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
