

EPPCO BENZYNA SUPER PLUS

PRODUCT DESCRIPTION

EPPCO BENZYNA SUPER PLUS is extra high-performance motor oil designed to provide high level of protection in gasoline engines fitted with turbochargers. It is formulated from hydrotreated mineral oils and a superior additive package to provide outstanding overall engine cleanliness and protection against wear at high temperatures and under severe conditions. Excellent fluidity at low temperatures which ensures starting in cold weather and low volatility contributes to low consumption. It is available in SAE 15W-40 and SAE 20W-50 viscosity grade and meets the latest API service classification SN. Compatible for all cars running on lead free gasoline and catalytic converters.

APPLICATIONS

- ◆ All modern passenger car gasoline and diesel engines.
- ◆ High performance normally aspirated and turbocharged gasoline engines
- ◆ Four stroke motorcycle engines where motor oils are recommended
- ◆ Japanese and American manufactured cars
- ◆ Light commercial vehicles

PERFORMANCE STANDARDS

BENZYNA SUPER PLUS meets the testing requirements of following International specifications:

API SN

Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals

BENEFITS

BENZYNA SUPER Plus provides:

- ◆ The highest level of engine protection for all model years
- ◆ Extended engine life
- ◆ Superior resistance to oil thickening
- ◆ Excellent protection against wear
- ◆ Low oil consumption and engine deposits
- ◆ Easy all year round starting

Technical Data*		
SAE Grade	15W-40	20W-50
Kinematic Viscosity mm ² /s @ 40°C	110	166
mm ² /s @ 100°C	14.7	18.5
Viscosity Index	135	125
Flash Point, COC, °C	220	235
Pour Point, °C	-27	-24
	310034	310033

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the EPPCO Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
