

EPPCO BENZYNA ULTRA PLUS 10W-30

PRODUCT DESCRIPTION

EPPCO BENZYNA ULTRA PLUS 10W-30 is a Synthetic Technology gasoline engine oil which meets the performance requirements of API SN. Developed to provide maximum protection for modern passenger cars, including low emission engines and high-performance vehicles. It helps provides smooth engine drive and meet optimum drain requirements. Suitable for car engines fitted with turbochargers & superchargers system.

APPLICATIONS

- ◆ High performance port fuel injection and turbocharged gasoline engines.
- ◆ Gasoline direct injection engines.
- ◆ Latest model of Japanese, American and European cars.

PERFORMANCE STANDARDS

EPPCO BENZYNA ULTRA PLUS 10W-30 meets the testing requirement of following International specifications:

API SN

Always follow equipment manufacturer's recommendations for required lubricant performance level and oil drain intervals.

BENEFITS

EPPCO BENZYNA ULTRA PLUS 10W-30 provides:

- ◆ Excellent engine protection for modern cars running under stressful driving conditions
- ◆ Proven sludge handling performance that helps in maintaining durability of engines
- ◆ Enhanced fuel economy.
- ◆ Good Oil consumption control and reduced engine deposits
- ◆ Suitable for low emission engines.

Technical Data*	
SAE Grade	10W- 30
Kinematic Viscosity mm ² /s @ 40°C	73.5
Kinematic Viscosity mm ² /s @100°C	11.0
Viscosity Index	145
Flash Point COC	220
Pour Point, °C	-39
Product Code	310046

*The information prepared provides the typical properties that are considered as representative. Some variation which will not affect performance is possible

HEALTH AND SAFETY, ENVIRONMENT

The information on this product is available in the ENOC Material Safety Data Sheet (MSDS) as a guide to the precautions and safe handling of this product and its disposal. For further information we recommend you review the MSDS. Handled correctly there are no special precautions suggested.
